APPROACH AND COMPLIANCE

We combine 25+ years of institutional experience with modern tools—using AI as a tool only where beneficial—while maintaining uncompromising human control, orchestration, and oversight on every deliverable.

Key differentiators:

- Zero-Data-Retention architecture for sensitive client information
- Full alignment with the *EU AI Act* (Articles 50 and 14)
- Audit-ready outputs that help clients avoid disclaimers and regulatory exposure in financial communications
- Institutional-grade narrative risk management for high-stakes capital markets
- Compliant with: ISO 9001:2015 | ISO 17100:2015 | ISO 18587:2017

CASE STUDY 01

PROBLEM

Leading Japanese financial institutions require consistent, high-precision narrative creation and oversight for flagship financial reports distributed to institutional clients and traders across global markets. Any inconsistency in tone, accuracy, or financial nuance risks damaging credibility and regulatory exposure.

SOLUTION

For over 15 years and counting, we have delivered full strategic oversight and brand voice consistency for monthly high-profile financial reporting. Working under strict ISO- and *EU AI Act*-compliant workflows, we ensure technical accuracy, cultural appropriateness, and regulatory alignment for international audiences.

RESULT

We have delivered audit-ready, reputation-safe content on a tight monthly schedule for 15+ years and counting. These reports help strengthen market authority and have become a long-term benchmark of quality in institutional communications.

Long-term strategic communications support for major Japanese financial institutions, helping strengthen market authority through precise, timely, and regulation-aware financial reporting and analysis

TOYOTA MOTOR CORPORATION

CASE STUDY 02

PROBLEM

Toyota required precise, culturally attuned support for international PR from its Tokyo headquarters. Global product launches, executive messaging, and major international events demand flawless communication that protects brand reputation across multiple markets while maintaining consistent voice.

SOLUTION

Since 2004, we have provided full editorial control and oversight and narrative refinement for press materials, executive speeches, and event communications. Working under strict ISO- and *EU AI Act*-compliant workflows, we ensure strategic clarity, cultural nuance, and brand alignment across English-speaking audiences in the U.S. and beyond.

RESULT

We support successful global product launches and high-profile international events. We deliver consistent, reputation-safe messaging that strengthens Toyota's global brand authority and stakeholder trust over multiple years.

CASE STUDY 03

PROBLEM

Multiple Tokyo Stock Exchange First Section companies needed clear, compliant, and investor-ready English versions of complex integrated reports and ESG disclosures. Any ambiguity, inconsistency, or regulatory misalignment could erode investor confidence and expose companies to market or compliance risk.

SOLUTION

Since 2022, we deliver full editorial oversight, transcreation, and narrative-level refinement of annual integrated reports, ESG sections, and president messages. Working under strict ISO- and *EU AI Act*-compliant workflows, we ensure technical accuracy, strategic clarity, and consistent brand voice for global investors.

RESULT

We produce audit-ready, high-impact IR materials that strengthen investor communication and support capital market credibility. Our work is recognized as reliable, high-quality deliverables across multiple leading Japanese listed companies.

Since 2022:

Developing and refining IR reports and ESG disclosures for numerous companies on the First Section of the Tokyo Stock Exchange, delivering audit-ready narratives that strengthen stakeholder confidence and regulatory compliance

EHIME PREFECTURE, JAPAN

2025 onward:

Strategic communications and bid support that helped secure Japan's first hosting of the world-renowned Velo-city cycling exposition (2027)

CASE STUDY 04

PROBLEM

Ehime Prefecture needed compelling, professional strategic communications to support its bid to host Velo-city 2027—the world's premier cycling expo. As Japan's first-ever bid, the materials had to clearly convey vision, infrastructure readiness, and legacy impact to an international selection committee in Europe.

SOLUTION

We provided full strategic transcreation and narrative direction with complete control, orchestration, and oversight for bid documents, presentations, and supporting materials. Working under tight deadlines with ISO- and *EU AI Act*-compliant workflows, we shaped persuasive, culturally nuanced narratives that aligned with global sustainability and urban mobility standards.

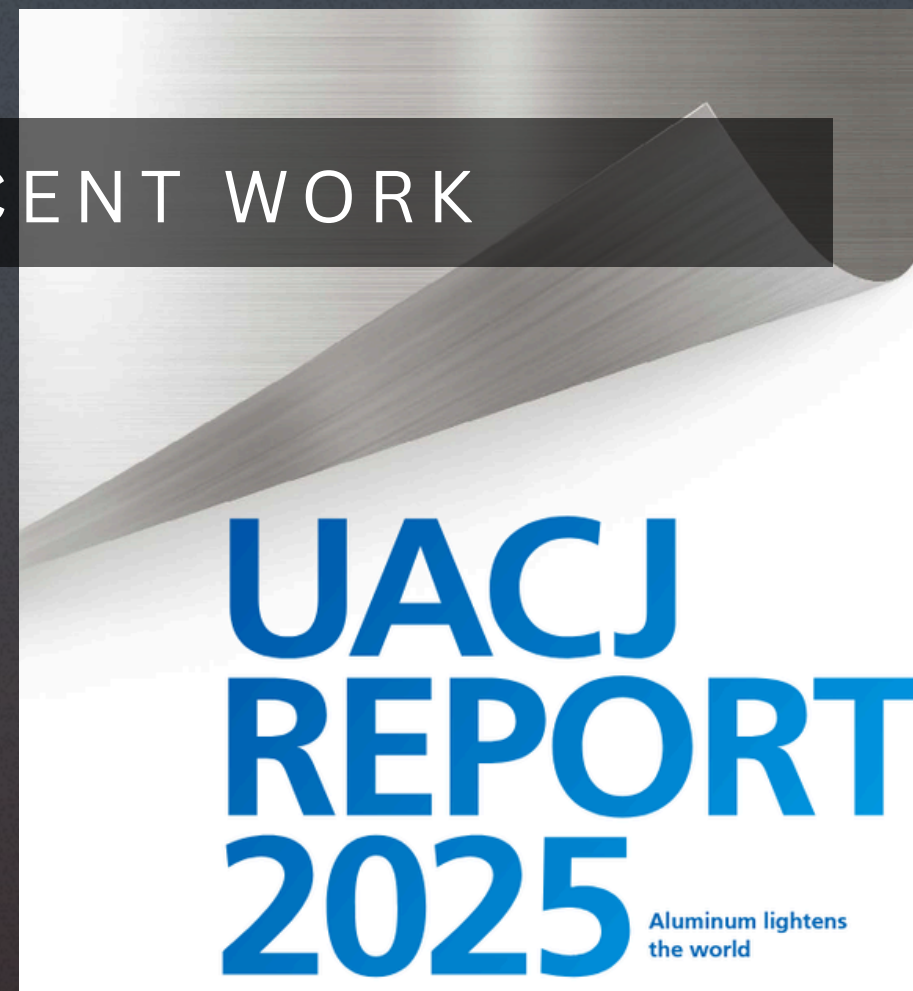

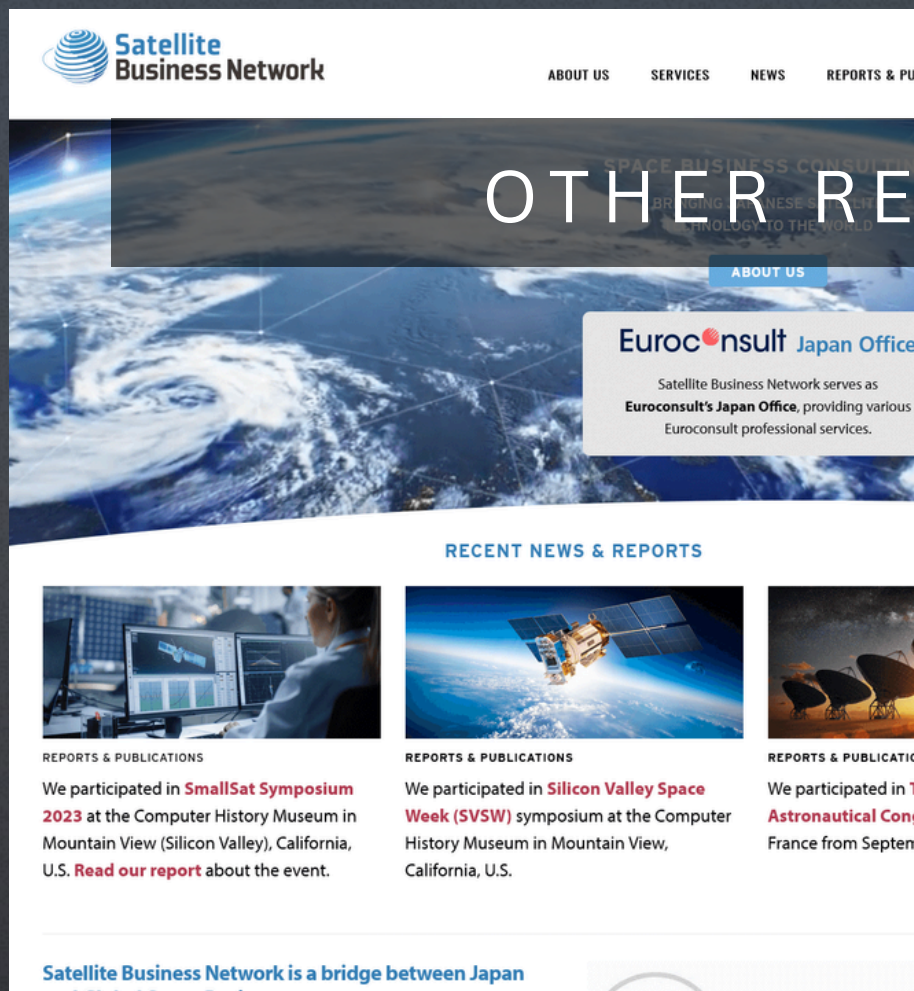

RESULT

Ehime Prefecture successfully won their bid to host Velo-city 2027, marking Japan's first time hosting the prestigious event. Our communications materials played the key role in demonstrating Ehime's readiness and ambition on the global stage.
